The best DJ in Dubai!

Yes, you heard it right! The best.

Not only I made insane contributions to the under-ground music scenes in Dubai, but also played alongside some of the best underground artists from around the world.

I'm a mind reader, sets the mood of the people around me, adapts accordingly and dance – all night long.

Regularly playing in and around Dubai mainly in private yacht parties / house parties has given me major fan base in Dubai.

Majorly specialized in Techno beats boosted my fan base from UAE to other parts of the world.
